The existence of one of the aforementioned relationships to us neither creates nor implies the existence of another.

### II. ZERO TOLERANCE FOR UNSOLICITED E-MAIL

We consider any dissemination of unsolicited commercial email (i.e., "spam") to be STRICTLY PROHIBITED.

Although federal law allows the dissemination of unsolicited bulk email under certain, tightly regulated conditions, we have elected to impose a stricter, total spam ban policy, for all affiliates and promoters of this website. This means that Members are prohibited from engaging in any bulk email promotions to disseminate their profiles or any other information about hsj.host, regardless of how the recipient email addresses are acquired, generated or obtained. This also means that the use of opt-in, double opt-in, or any form of email address recipient list is likewise prohibited, regardless of whether such activities are otherwise permitted by state or federal law.

Any violation of this strict Anti-Spam Policy will be grounds for immediate termination and forfeiture of all unpaid commissions or entitlement thereto. We reserve the right to audit and investigate compliance with the Anti-Spam Policy at any time, with or without notice. We are committed to stemming the flow of Spam that is prohibited by law. However, our commitment to eliminating Spam goes much further than what the law requires. Spam, in all its forms, is annoying and burdensome, and is inconsistent with our corporate policies. Consistent with this commitment and our policies, we prohibit types of Spam that have not yet been contemplated by the law, including:

- Spim or instant messenger Spam
- Spamming of internet newsgroups
- Spamming on Craigslist or other classified services, except in areas designated for such use

use of any personal service to Spam other members  
any other method of Spamming.

In short, if you are sending a message to a recipient who does not know you, in some capacity, you may not send any information about us. If you are posting an ad somewhere that has our company information in it, that ad must be "on topic" and properly listed.

### **III. INDEMNIFICATION**

All affiliates, agents, employees or other promoters using any form of electronic commercial mail promotion in violation of this policy agree to indemnify and hold us harmless from any and all claims, charges, counts, debts, suits or other allegations arising from violations of the Act, or other applicable laws regulating transmission of commercial email. hsj.host shall provide immediate notice of any and all such claims, however the Site shall select its own attorneys to defend such claims, at the sole and exclusive expense of the affiliate, agent, employee or promoter responsible for the alleged violation.

### **IV. ADDITIONAL INFORMATION**

hsj.host may suspend any instance which it believes to be transmitting or is otherwise connected with any spam or other unsolicited bulk email, pending investigation/resolution in cooperation with the account holder.
